

Imunovital Complex

food supplement

A composition of ingredients reinforcing the immune system

A dietary supplement in the form of enteric-coated tablets, containing an appropriately selected composition of beta-glucan, rutin and ingredients that synergistically affect the proper functioning of the immune system: vitamins and minerals, and plant extracts..

Research shows that:

- **The extract of *Andrographis paniculata* leaves** has a soothing effect on irritation of the sinuses and facilitates breathing.
- **Zinc, copper** and **selenium** (L-selenomethionine) affect the proper functioning of the immune system, and help protect cells from oxidative stress.
- **Vitamin C and D**, have a beneficial effect on the immune system, reinforcing the natural resilience of the body.
- **Elderflower** and **Siberian ginseng** extracts contribute to the proper functioning of the immune system.

Vitamins, minerals and plant extracts to strengthen the body in periods of reduced immunity!

Composition

Nutrition facts	1 tablet
Beta-glucan	300 mg
Siberian ginseng extract (0,8% eleutherosides)	50 mg
Elderberry extract	50 mg
Rutin	50 mg
Andrographis paniculata extract (98% andrographolides)	30 mg
Vitamin C (Pure Way-C®)	80 mg (100%*)
Zinc	5 mg (50%*)
Copper	500 µg (50%*)
Selenium	55 µg (100%*)
Vitamin D	10 µg (200%*)

Components: beta-1,3/1,6-D-glucan, bulking agent - microcrystalline cellulose; microencapsulated L-ascorbic acid (PureWay-C®) - vitamin C, rutin, elderflower extract, Siberian ginseng extract; binder - calcium phosphate; glazing agents - polyvinyl alcohol, polyethylene glycol, talc; Andrographis paniculata leaves extract, zinc bisglycinate (Albion® zinc amino acid chelate) - zinc; L-selenomethionine - selenium, anti-caking agents - magnesium salts of fatty acids, silicon dioxide; copper bisglycinate (Albion® copper amino acid chelate) - copper, cholecalciferol - vitamin D,

Purpose

This preparation is intended: As a dietary supplement for adults, striving to ensure the proper functioning of their immune system, especially in periods generally considered unfavourable to immunity (autumn, winter and spring fatigue).

Note: Pregnant and lactating women should consult a doctor before using this preparation. This product should not be used in the case of hypersensitivity to any of its ingredients.

Recommendation

Recommended daily intake: 1 tablet, with a large amount of water.

Do not exceed the recommended daily dose.

Dietary supplements cannot be used as a substitute for a balanced diet.

It is recommended to have a balanced diet and a healthy lifestyle.
