

# Gold-Vit for men

food supplement

## A man's dose of vitamins

**Gold-Vit® for men** is a precisely selected combination of vitamins and minerals in the form of highly absorbable Albion® amino acid chelates supplementing the daily diet of men with essential micronutrients.

The formula has been further strengthened with a standardized extract of Korean ginseng, saw palmetto and oats, which are important in terms of using the preparation by men.

Research has shown that providing adequate portions of vitamins and minerals contributes to the proper conduct of the processes in the body, for example:

- magnesium, similarly to vitamin B6, promotes vitality through its participation in the reduction of tiredness and fatigue of the body,
- zinc helps to maintain proper testosterone levels in the blood,
- selenium contributes to proper spermatogenesis, and similarly to copper and vitamin C, helps in the proper functioning of the immune system,
- saw palmetto - participates in maintaining proper functioning of the urinary tract in men,
- oats - are involved in maintaining hormonal balance and support energy metabolism.

The preparation includes ginseng (Panax ginseng), which:

- supports during periods of fatigue and weariness,
- is favourable for maintaining good physical condition,
- improves concentration, coordination and alertness of the body,
- is beneficial for sexual health,
- participates in maintaining the vitality of the body.

The preparation includes chelated minerals produced by the market leader in pharmaceutical raw materials - the American company Albion®. These minerals are completely safe to use, do not irritate the stomach and do not hinder the absorption of other minerals.

**Minerals in the form of Albion® amino acids chelates are completely hypoallergenic (US Patent No. 7,838,042), which is extremely important with regards to the safety of receiving the treatment.**

**Albion Gold Medallion, Albion® Ferrochel®, Albical™ are trademarks belonging to ALBION Laboratories, Inc.**

## Composition

<b>Nutrition information</b>	<b>1 tablets</b>	<b>*% NRV</b>
<b>Vitamin A (RE)</b>	800 µg	100%
<b>Vitamin D</b>	10 µg	200%
<b>Vitamin E (α-TE)</b>	12 mg	100%
<b>Vitamin C</b>	80 mg	100%
<b>Vitamin B1</b>	1,1 mg	100%
<b>Vitamin B2</b>	1,4 mg	100%
<b>Niacin (NE)</b>	16 mg	100%
<b>Vitamin B6</b>	2,1 mg	150%
<b>Folic acid</b>	200 µg	100%
<b>Vitamin B12</b>	5 µg	200%
<b>Biotin</b>	100 µg	200%
<b>Pantothenic acid</b>	6 mg	100%
<b>Korean ginseng extract</b> ( <i>Korean Panax ginseng</i> )	75 mg	-

<b>Saw palmetto extract (45%)</b>	100 mg	-
<b>Common oat extract</b> ( <i>Avena sativa L.</i> ) 7% of flavones	50 mg	-
<b>Manganese (from Albion® chelate)</b>	75 mg	20%
<b>Zinc (from Albion® chelate)</b>	15 mg	150%
<b>Iron (from Albion® Ferrochel® chelate)</b>	7 mg	50%
<b>Manganese (from Albion® chelate)</b>	1 mg	50%
<b>Copper (from Albion® chelate)</b>	1000 µg	100%
<b>Iodine</b>	150 µg	100%
<b>Chromium</b>	40 µg µg	100%
<b>Selenium</b>	55 µg	100%

\*NRV - nutrient reference value

**Components:** bulking agent - microcrystalline cellulose; vitamins (L-ascorbic acid - vitamin C, DL- $\alpha$ -tocopheryl acetate - vitamin E, nicotinamide - niacin, D-biotin - biotin, retinyl acetate - vitamin E, calcium D-pantothenate - pantothenic acid, pyridoxine hydrochloride - vitamin B6, cholecalciferol - vitamin D, pteroylmonoglutamic acid - folate, thiamine mononitrate - vitamin B1, riboflavin - vitamin B2, cyanocobalamin - vitamin B12), anti-caking agent - magnesium oxide, magnesium bisglycinate (Albion® magnesium amino acid chelate), saw palmetto extract, zinc bisglycinate (Albion® zinc amino acid chelate), Korean ginseng extract (Korean Panax ginseng) oats extract (*Avena sativa L.*), glazing agents - polyvinyl alcohol, polyethylene glycol, talc, potassium aluminum silicate, Polyoxyethylene sorbitan monooleate; iron (II) bisglycinate (Albion® iron amino acid chelate), bulking agent - cross-linked sodium carboxymethyl cellulose salt, anti-caking agents - magnesium salts of fatty acids, silicon dioxide; sodium selenate (IV), copper bisglycinate (Albion® copper amino acid chelate), manganese bisglycinate (Albion® manganese amino acid chelate), chromium (III) chloride, potassium iodide, food colouring - titanium dioxide, iron oxide.

## Purpose

**Purpose:** dietary supplement intended for men, who are physically and mentally active, as a supplement to the daily diet of vitamins and minerals, and for those seeking to maintain proper vitality of the body.

**Note:** this product should not be used in the case of hypersensitivity to any of its components.

## Recomendation

**Recommended daily intake:** 1 tablet after the main meal with plenty of water.

*Do not exceed the recommended dose per day.*

*Dietary supplements cannot be used as a substitute for a balanced diet.*

*It is recommended to have a balanced diet and a healthy lifestyle.*
