

Therm Line Ultra Fast

food supplement

LIQUID FORM - QUICK ABSORPTION

Therm Line® Ultra Fast is a preparation of ingredients which support weight loss. It is available in the form of effervescent tablets containing a composition of plant extracts which in combination with additional chromium and niacin constitute a perfect proposition for people whose aim is to lose weight. The **liquid form of the product enables quick absorption.**

Green tea stimulates thermogenesis and additionally helps **burn fat.**

Chromium contributes the maintenance of proper metabolism of macronutrients, i.a. carbohydrates and fats. Fat metabolism is additionally supported with **bitter orange extract.**

Ginger extract facilitates digestion. **Guarana (Paullinia cupana)** is a South American shrub-like plant whose seeds have a high content of natural caffeine. Thanks to that guarana helps maintain the physical and psychological vitality of the body and supports fat metabolism and thus control of body weight. **Niacin** helps to maintain proper energy metabolism.
