

Slim Expert

food supplement

FOR THOSE WANTING TO LOSE WEIGHT

FOR THOSE WANTING TO LOSE WEIGHT

Slim expert™ is an innovative food supplement intended for people wanting to lose weight that contains substances with a synergistic effect.

The product contains such substances as:

- **bitter orange extract** - supports weight management - carbohydrate and lipid metabolism
- **patented citrus fruit and guarana extract - SINETROL®** - which efficiency has been proven in clinical studies
- **green tea leaf extract** - increases fat metabolism, which helps in maintaining beautiful body figure; it is a natural antioxidant and has a positive effect on the functioning of the circulatory system and blood glucose levels
- **cayenne pepper extract** - standardized to 8% content of capsaicin - responsible for appetite suppression, intensification of fat, carbohydrate reduction and increase in energy use
- **L-carnitine** - mediates in the transport of fat components (fatty acids) to energy centres - mitochondria
- **chromium** - contributes to normal macronutrient metabolism
- **field horsetail extract** - has a beneficial effect on maintaining nails, hair and skin in optimal condition, which is very important when following a diet of reduced calorie intake
- **stinging nettle leaf extract** - supports the body's vitality; minerals and elements present in the leaves strengthen skin, hair and nails
- **artichoke leaf extract** - supports the proper functioning of the liver, gastrointestinal tract and digestive processes
- **vitamin C (PureWay-C®)** - a next-generation patented vitamin C - a microcapsule complex of

L-ascorbin acid and natural plant waxes (fatty acid metabolites); stomach-friendly, supporting the immune system and enriched with citrus bioflavonoids. It has an effect on maintaining the proper functioning of the immune system, and helps in protecting cells against oxidative stress.

Did you know that...

- Slim Expert™ contains superior-quality ingredients supporting a slim figure and increasing fat metabolism
- the effectiveness of SINETROL® has been proven by in vitro, ex vivo and clinical research
- Slim Expert™ contains only standardized plant extracts - that is, with a guaranteed content of active substances, which means effectiveness and safety

A huge advantage of the product is the fact that all plant extracts contained in the product are **standardized** - it means that, they have a specific amount of the active substance with a beneficial physiological effect.
