

Tenso Normin

dietary supplement

Correct blood pressure!

The correct blood pressure is very important for the heart and the circulatory system. TENSO NORMIN is a capsule preparation containing a formula of ingredients important for maintaining the proper blood pressure and metabolism of homocysteine. The main ingredients of the product are potassium and olive-leaf extract, standardised to the content of one of the most-bioactive olive leaf compounds - oleuropein. Olive-leaf extract, similarly to potassium, helps to maintain normal blood pressure.

The choline contained in the preparation is an integral part of some phospholipids present in all biological membranes, where they have a structural function and participate in signalling and intercellular transport. It is also a precursor to acetylcholine, a neurotransmitter in the nervous system. Choline contributes to maintaining the appropriate metabolism of fats, and, similarly to vitamins B6, B12 and folic acid, helps to maintain the proper metabolism of homocysteine.

Composition

Nutritional information	2 capsules
Olive-leaf extract (10% oleuropein)	450 mg
VitaCholine®	412.6 mg

including choline	165 mg
Potassium	300 mg (15%**)
Vitamin B6	2.8 mg (200%**)
Folic acid	200 µg (100%*)
Vitamin B12	2.5 µg (100%*)

**NRV – Nutrient Reference Value.

Ingredients: Potassium chloride – potassium, olive-leaf extract (*Olea europaea* L.), choline dihydrate (VitaCholine)[®] – choline, bulking agent – microcrystalline cellulose; anti-caking agents – magnesium salts of fatty acids, silicon dioxide; pyridoxine hydrochloride - vit. B6, cyanocobalamin – vit. B12, pteroiolo-monoglutamic acid - folic acid, capsule (casing ingredients - gelatine, colouring agent - E 171).

Purpose

For adults who care about the proper blood pressure and functioning of the cardiovascular system.

Recomendation

Recommended daily dose: 2 capsules daily, with a large amount of water.

Do not exceed the recommended daily dose.

Dietary supplements cannot be used as a substitute for a balanced diet.

It is recommended to maintain a balanced diet and healthy lifestyle.

Attention: The product is not recommended for pregnant or breastfeeding women, or in cases of hypersensitivity to any of the ingredients.
